PROBLEM STATEMENT

- *In today's competitive environment, showcasing technical skills, projects, and Achievements is essential for career growth. Traditional resumes are limited in presenting interactive and visual content. There is a need for a Modern, responsive, and personalized portfolio website that highlights my Skills, projects, and certificates in a professional way.*

PROJECT OVERVIEW

The Digital Portfolio website is a personal website built to highlight academic Background, technical skills, projects, certificates, and contact details. It Provides recruiters and peers with a professional, interactive, And modern Way to view achievements.

WHO ARE THE END USERS?

- *Recruiters/HR Managers*
- *College Faculty for Evaluation*
- *Fellow Developers & Collaborators*
- *Internship/Job Providers*

TOOLS AND TECHNIQUES

- *Frontend: HTML5, CSS3, JavaScript*
- *Icons: Font Awesome*
- *Animation & Effects: Typing effect, Dark mode toggle, Smooth scrolling*
- *Hosting: GitHub Pages*
- *Tools: VS CODE*

PORTFOLIO DESIGN AND LAYOUT

- *Clean, modern single-page layout*
- *Sections: Home, About Me, Skills, Projects, Certificates, Contact*
- *Responsive design with dark mode support*
- *Smooth navigation and UI-friendly interactions*

FEATURES AND FUNCTIONALITY

ABOUT ME:

- A dynamic typing animation introduces my name and role, making the portfolio More interactive and engaging.

• PROJECT:

- The E-Shop is an online shopping platform designed to provide users with a simple And secure way to browse, select, and purchase products. It showcases modern Web development practices while focusing on user experience, responsive design, And functionality.

• CERTIFICATE:

- Edunet Front end web development.

CONTACT ME:

Contact me with email and whatsapp.

TOGGLE MODE:

Provides users the option to switch between dark and light themes for better accessibility and user preference.

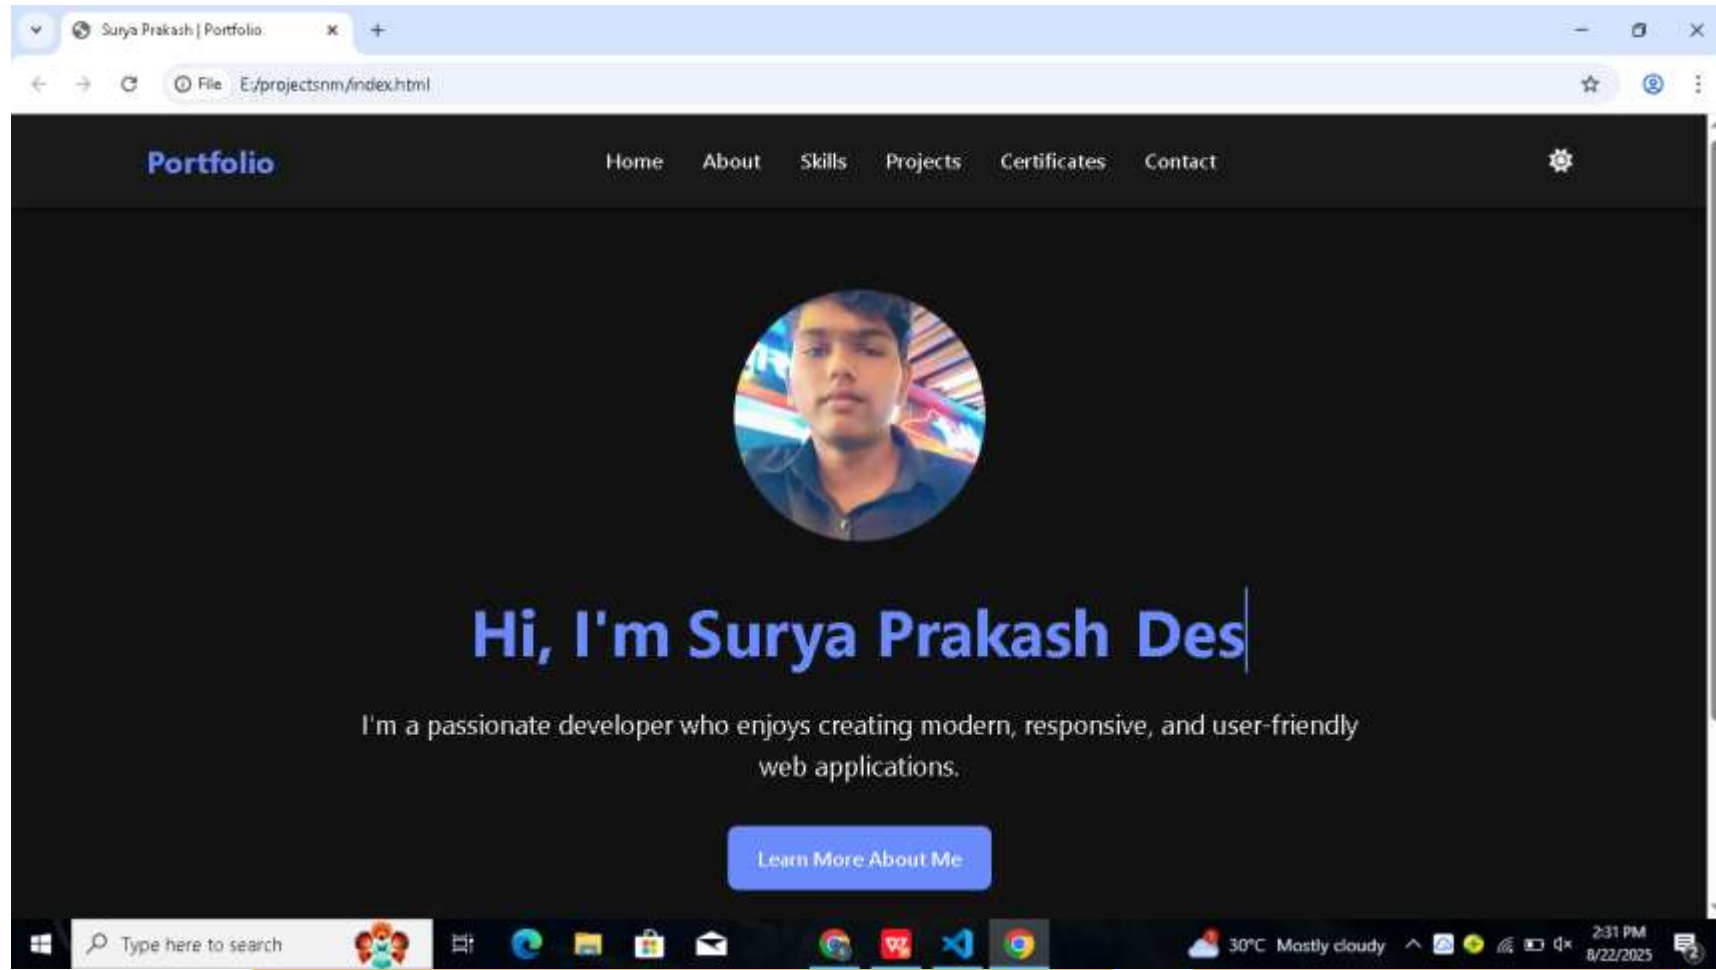

RESPONSICE DESIGN FOR ALL DEVICES:

The portfolio is fully optimized for desktops, tablets, and smartphones, ensuring a smooth browsing experience across all screen sizes.

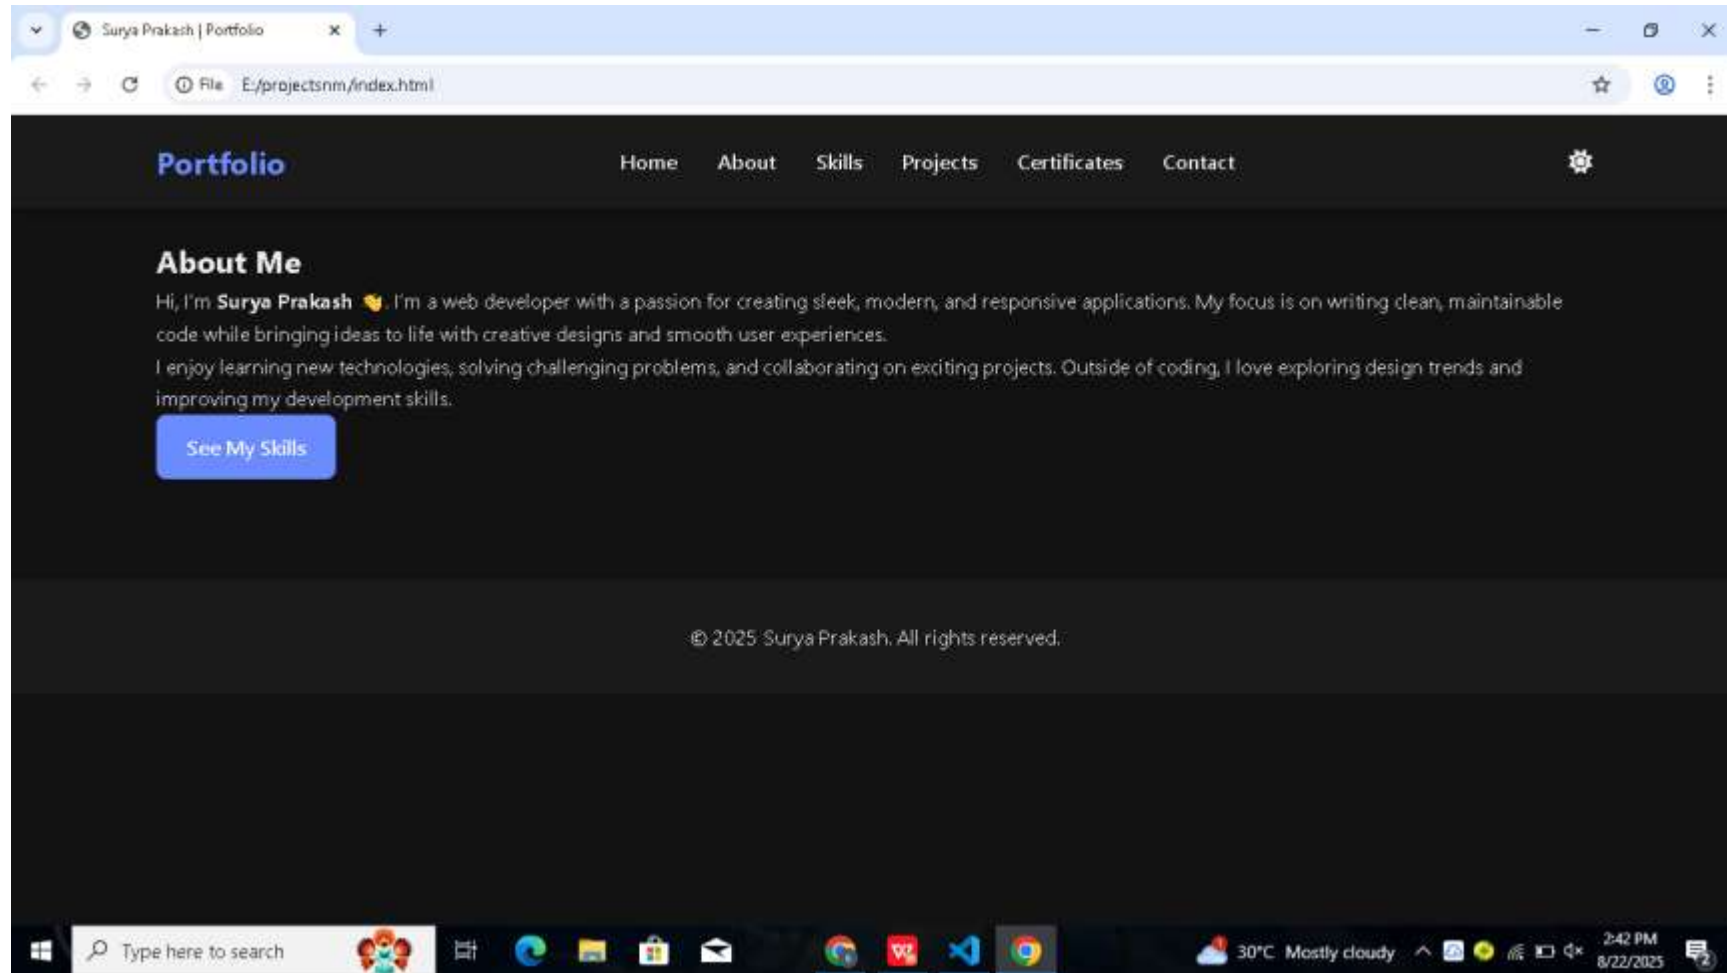

RESULT

- *Working portfolio website hosted online*
- *Successfully displays personal details, projects, and certificates*
- *Easy navigation and user-friendly UI*
- *Attracts recruiters by showcasing both skills and creativity*
